

## Introduction:

Hello! I'm the new English assistant for the year. My name is Sarah and I'm from Dayton, Ohio, a city in the United States. I'm in my twenties, so I'm not much older than you students at François 1er. Though I grew up in Dayton, I went to school at the University of Cincinnati where I studied French. I would have to say that my favorite activity is dancing. Ever since I can remember, I've been taking dance lessons or participating in some sort of dance group. Other than dancing, some of my other favorite activities include reading, doing puzzles, watching movies, playing cards, and knitting. This is my first time in France, even my first time in Europe, so I plan on traveling and seeing all that I can during my stay. Besides the rain, I love Le Havre and I'm thrilled to be here until the end of April. I hope to get the chance to work with you!
